https://doi.org/10.21790/rvs.2023.22.3.83

This correction article is being published to rectify a typographical error in the Korean title of the above case report published in Research in Vestibular Science. The term “와우전정기증” should be corrected to “와우전정기능.” Please note that the original version of this article on the Journal’s website has already been updated. The authors and the Journal apologize for any inconvenience this may have caused to the readers.
